

COMMITTEE HEARS MORE STORIES OF IRISH DISORDERS

Says Terrorism Results from Military Rule

WILL WORK UP TO MASSACRE

(By The Associated Press) WASHINGTON, Nov. 19.—More eye-witness tales of violence in Ireland and accounts of social and economic developments resulting from the effort for Irish independence were received today by commission of the Committee of One Hundred investigating the Irish question. The commission then adjourned over Thanksgiving to resume its inquiry probably the first week in December.

Personal accounts of the killing of citizens and police last September at Balbriggan and the burning and looting of homes and stores there and at Galway and other Irish towns were related by John Derhan, town commissioner of Balbriggan and Americans who toured the country recently including Mrs. William A. King of Ironton, Iowa and Mr. and Mrs. Francis Hackett of New York. A copy of the report made by the Quaker commission from Great Britain which investigated Irish affairs recently, was submitted by Paul Furnas of New York, representing the society of friends.

Terrorism Rules. Terrorism was the term applied by all of today's witnesses to the military rule in Ireland. Mr. Derhan said the Black and Tans bayoneted two citizens of Balbriggan and burned twenty-five houses during a raid in reprisal for the shooting of two officers by unknown persons. He said he was himself beaten with bayonet butts and otherwise maltreated. No compensation, he said, was offered by the British government for property destroyed by the military.

A picture of the military rule maintained with armed lorries and tanks in Cork, Limerick, Dublin and other cities was given by Mrs. King, who said that street shootings were nightly occurrences. Mr. Hackett, associate editor of the New Republic said that magistrates and civil police had resigned in shoals and that the people generally were submitting their civil and other controversies to the Republican courts. Barring only the nominal authority of Dublin Castle, he said, there would be little British domination in Ireland except that of the military forces.

Eighty per cent of the people are for the Sinn Fein, he said. The judicial administration of the Sinn Fein officials witness stated, includes formal auto secret trial of police, constabulary and soldiers charged with killing Irish citizens. Responsible Sinn Fein leaders told me, said Mr. Hackett, that these killings of policemen were absolutely necessary acts of justice, most of them having committed actual murder.

Working Up to Massacre. Conditions in Ireland are working up to massacre, Mr. Hackett said. He added that many of the "black and tans" were ex-convicts and other desperadoes.

The English are pursuing a policy of oppression and assassination, he continued, "and making no effort to bring to book those guilty, using the military forces of lawlessness."

The British policy regarding restitution for property destroyed by the military is to impose assessments upon citizens of the community where violence has occurred, the witness said. He added that Sir Arthur Griffith has told him that in September there were about 150,000 troops in Ireland and he estimated the number of police killed within the last few years at about 120.

Before the world war Hackett stated, British officials permitted Ulster revolutionists to import arms from Germany without hindrance but balked, with military force, attempts at similar importations into southern Ireland.

TELEPHONE COMPANIES INCOMES DECREASE

(By The Associated Press) WASHINGTON, Nov. 19.—Notwithstanding an increase in operating revenues of 14.7 per cent over the same month last year the net income of sixty telephone companies during August showed decrease of 29.2 per cent, according to a statement today by the interstate commerce commission. The total revenues of the companies in August 1920 were \$40,779,079 as compared with \$35,546,924 last year, an increase of \$5,232,155. Operating expenses in August this year were \$32,713,593 as compared with \$25,334,469 the same month last year an increase of \$7,379,138 or 29.1 per cent. For eight months ending September 1 this year, the net income of the sixty-six companies reported showed a net decrease of 2.1 per cent, the statement said.

DISINTEGRATION OF NEW YORK'S BUILDING TRUST

Shown in Drop in Prices of Building Materials

CEMENT TRADE IN BIG TRUST

(By The Associated Press) NEW YORK, Nov. 19.—Disintegration of the contractor-dealer-labor combines forming New York's alleged "building trust" has begun and prices of construction materials have dropped since active warfare against these interests was opened. It was revealed today by witnesses before the joint legislative committee conducting the investigation.

Increased productivity of labor also has been apparent since the investigating committee began exposing one scandal after another and the grand jury started returning indictments, employers testified.

Mingled with these developments, came evidence to show countrywide control of production and prices in marble, cement, limestone and other trades. National associations are throttling these industries, it was alleged.

Testimony on Cement Trade. Testimony that the cement trade is an absolutely controlled industry was given by Hugh White, vice-president of the George A. Fuller Construction Company, one of the largest concerns of its kind doing business through the United States. He expressed the hope that he might soon see competition in building material, trades and labor.

Collusion in bidding among contractors and dealers in brick, cement, sand, marble and other building materials, was intimated during Mr. White's testimony. A mass of estimates "unvarying in amounts" and with even the wording "absolutely uniform" submitted to the Fuller company by dealers in various materials was offered in evidence.

FORMER RESIDENT DEAD IN CANADA

Mrs. Charles McNeill Dies Suddenly at Home in Abirde, Friday—Was Sister of Mrs. Gertrude Richardson.

Mrs. Gertrude Richardson received word Friday of the sudden death of her sister, Mrs. Charles McNeill, which occurred at her home in Abirde, Alberta, Canada about noon. Deceased before her marriage was Miss Mary Paschal of Virginia. She was united in marriage to Charles McNeill nearly fifty years ago. For a number of years she was a resident of this city, going to Canada about eight years ago to make her home. Besides her husband she is survived by the following children: Norman McNeill of Airrie, who served four years during the World war, Miss M. A. McNeill, Airrie, Mrs. W. S. Cottingham, Sellersville, Pa.; Mrs. Bert Sanford, Portland, Ore.; Charles McNeill, Jr., Worcester, Mass. She also leaves two sisters and brothers, Mrs. Richardson of this city, Mrs. Jack Freeway, Luther and John Paschal, all of Virginia.

Mrs. McNeill was 69 years of age at the time of death. She was a member of the Presbyterian church, and of fine Christian character. News of her death will be very mourned with regret by her many friends in this city and vicinity. Funeral plans are not known at this time.

ALLEGED MURDERER ATTEMPTS SUICIDE

BROKEN CROWD, N. B. Nov. 19.—Dennis Chisow, alleged slayer of Florence Barton, Kansas City society girl, captured today near Oconto, Nebraska, following his recent escape from a railroad train near here, attempted to kill himself by strangling in the county jail here late today. Chisow tore a blanket into strips, tied one end around a bar of his cell, placed the other end around his neck and then allowed himself to fall backwards with his feet still on the floor. He was found unconscious in this position by Sheriff V. C. Talbot. He is expected to recover.

MOTOR OF MISSING SEAPLANE LOCATED

Muskegon, Mich., Nov. 19.—The fuselage and motor of United States seaplane HS-21, wreckage of which was discovered between Muskegon and the mouth of White river, along Lake Michigan, beach has been located off the mouth of Flower creek about seven miles north of the entrance to White Lake.

ANTHRACITE MINES WORKING AT NORMAL RATE

Philadelphia, Nov. 19.—Production of anthracite is now going forward at a normal rate, and has been doing so since operations were resumed following the "vacation" strike of the mine workers last September, said a statement issued today by the anthracite bureau of information.

LEAGUE ASSEMBLY DISCUSSES MANY KNOTTY PROBLEMS

Germany Protests the Manner of Distributing Mandates

BELIEVES ASSEMBLY SHOULD DECIDE

(By The Associated Press) GENEVA, Nov. 19.—Mandates, open diplomacy and the admission of former enemy states to the league of nations furnished today's material for discussion in the assembly of the league of nations.

For first time the word "revision" was pronounced—in connection with Article 18 of the covenant of the league which provides for the registration of treaties or international engagements. For the first time also the viewpoint of labor as regards the league was presented.

The views of labor were presented by George Nicoll Barnes of the British delegation who gained applause when he declared that general peace is impossible until we have industrial peace and industrial peace is impossible until labor gets its full share of the product of its own effort.

Twice again the admission of former enemy states into the league was advocated. Labor was quoted by Mr. Barnes as in a large majority demanding it. No one will propose Germany. There now have been represented in the demands for the admission of the former enemy states, South Africa, Great Britain, Switzerland, Argentina and Scandinavian. It still appears, however, that no one of the delegations is ready to formally propose the election of Germany to membership.

Lord Robert Cecil of the British delegation has said that he will not do so and Honorio Pueyrredon head of the Argentine delegation who has spoken strongly in favor of Germany coming in, declares that he will not nominate her. Neither will the Dutch and Swedish delegations which are supposed to be Germany's strongest supporters, propose her admission to the league, notwithstanding the fact that sentiment favorable to her membership crops out in every debate.

Germany Enters Protest. A protest by Germany against the manner of the distribution of mandates for her colonies today created a marked impression in the assembly, particularly on account of the fact that it was addressed to the assembly, instead of the council of the league of nations does not possess sufficient authority to deal with such questions, since a majority of its representatives form a group of former belligerents and that the assembly is representative of the entire league and therefore competent to deal with the question.

Giuseppe Motta, president of Switzerland head of the Swiss delegation in a speech today held that the council and the assembly were two separate and independent organs and it is probable that the committee on general organization will be called upon to solve the problem.

GALWAY PRIEST IS KIDNAPPED

Great Anxiety Exists Among the People Over the Disappearance of Father Griffin.

(By The Associated Press) Galway, Ireland, Nov. 19.—A state of great trepidation exists among the people of Galway over the disappearance of Father Griffin a curate of Bushy Park who several days ago was reported to have been kidnapped from his residence by three unknown persons. The community is deeply shocked and local Catholic members of the royal constabulary repudiate any connection with the abduction. So great is the terror among all classes of the population that it is difficult to induce anybody to discuss the matter.

The belief that is general Father Griffin was removed as a reward for the kidnapping from his home on the night of October 15 of a well known constitutional nationalist, P. W. Joyce, who is a school teacher at Barna, 3 miles from Galway and that he will be held as a hostage until the reappearance of Joyce. Bishop O'Dea of Galway refuses to believe that any civilian was concerned in the kidnapping saying such a thing never before happened.

OHIO'S FOOTBALL TEAM ARRIVES AT DANVILLE

Danville, Ill., Nov. 19.—Ohio State's football team, which will battle the University of Illinois team tomorrow at Urbana, arrived here early this morning. They will go to Urbana early this afternoon for practice and return here for the night, leaving tomorrow for the game.

Bulletins From Here and There

MACON, Mo., Nov. 19.—Was killed and three other men were killed and three other mine workers were injured by an explosion of blasting powder at a coal mine between Moberly and Huntsville Thursday noon. The men were eating lunch near the powder shanty when the explosion occurred.

NEW YORK, Nov. 19.—Formal approval of the new Chinese consortium by the governments of the United States, Great Britain, France and Japan was announced in a statement issued tonight by J. P. Morgan & Co., in behalf of the American banking group.

LONDON, Nov. 19.—The Italian chamber of deputies by a vote of 340 to 10 has granted women the suffrage, says a dispatch to the Exchange Telegraph from Rome.

DENVER, Colo., Nov. 19.—The last session of the twenty-third annual convention of the American Mining Congress today adopted resolutions urging repeal of a federal board to settle need of excess profits taxes, creation of a federal hands off policy in the coal industry, higher tariff on mineral imports and lower railroad ore rates.

INDIANA MAY ADOPT ONE COUNTY PLAN OF GOVERNMENT

The New York Borough Plan is Declared Unsound

UNIFORM POLICIES WOULD RESULT

(By The Associated Press) INDIANAPOLIS, Ind., Nov. 19.—Suggestions for the establishment of one county government in every metropolitan district with a population of 50,000 or more—one county government even for cities of millions, were discussed today at the closing session of the national municipal league and related organizations held here. Consolidation of municipal corporations was strongly urged to prevent duplication and overlapping in the government of densely populated districts. The borough plan now in operation in New York was declared fundamentally unsound.

George Sikes of Chicago, said that the civic organizations are working for changes which they hope will be incorporated in the new state constitution now being drafted in Illinois. There is apparent disposition, he said, to give counties outside of the city power of absolute veto on city plans. The proposals for uniform policies, which certain politicians are fighting, he said, will aid greatly in straightening out the hodge-podge of overlapping government now found in our metropolitan governments.

WILL CONTEST IS SETTLED OUT OF COURT

Contestants Reach Agreement in Contest of Will of Edward F. Searies—Estate Valued at Many Millions.

BOSTON, Nov. 19.—Announcement that the contest over the will of Edward F. Searies of Mithun and New York involving many millions of dollars has been settled out of court was made tonight by Charles F. Choate, Jr., counsel for the executor and Sherman L. Whipple, counsel for Albert V. Searies of Boston, a nephew of the testator, who contested the document.

Under the terms of the will, Albert Searies was to forfeit the bequest of \$250,000 made to him if he should contest the will. At hearings Mr. Whipple argued that undue influence had been exerted in the making of the will and sharply attacked the motives of Arthur T. Walker of New York who was made residuary legatee. Mr. Choate's argument in court was that the idea of a plot was "pure imagination."

The value of the estate left by Charles Searies has been variously estimated at from \$20,000,000 to \$50,000,000.

AMERICAN LEGION CAVE RAG TAG DANCE

Large Crowd in Attendance at Rag and Tag—Hall Specially Decorated for Occasion.

A large crowd attended the Rag Tag dance given by the American Legion in the American Hall Friday night. Practically all of the dancers followed instructions and many funny costumes were seen. The hall was decorated especially for the occasion and presented an attractive appearance. Music was furnished by Dunlap's orchestra. The dancing continued until 2 o'clock Saturday morning and everybody voted the dance a complete success.

BELGRADE, Nov. 19.—On the terms of the Jugo-Slav Italian treaty arranged at Rapallo becoming known here enormous crowds of angry demonstrators, demolished the cabinet council building. Two regiments of cavalry, reinforced by the constabulary dispersed the crowds which were marching on the Italian legation. Numerous shots were fired and many persons were wounded.

SPRINGFIELD, Ill., Nov. 19.—The R. & V. Motor Company, a concern to manufacture motors and appliances in Moline was incorporated here today. Capital stock is given as \$6,500,000. The incorporators are: Charles J. Horn, Frank B. Black, Harry H. Phillips and Pam V. Hurd.

BELFAST, Nov. 19.—The Ulster College of Irish at Cloughanely, County Donegal was destroyed by fire today. The co-operative stores there also were burned. Both fires are believed to have been of incendiary origin.

CLEVELAND, O., Nov. 19.—Yonnie Andy Chaney, of Philadelphia was given the newspaper of New York in a ten round bout here tonight. The boys weighed 126 pounds 7 at ring-side.

FORMER PREMIER CONDEMNS POLICY OF GOVERNMENT

Says Justice in Background and Vengeance is Enthroned

HAVE REFUSED TO INVESTIGATE

(By The Associated Press) LONDON, Nov. 19.—Strong condemnation of the government's Irish policy and reprisals in Ireland was voiced by former Premier Asquith in a speech at the national liberal club today. He declared that cold-blooded deliberate murder has been traced and credited to uniformed servants of the crown and asserted things were being done in Ireland "by authority and incitement" of the executive which would take a fitting place in the blackest annals of the lowest despotism of the European world.

"The plain truth is," said Mr. Asquith, "that since the adoption of this practice of reprisal without parallel, so far as my knowledge of history goes in the annals of the British administration justice has been put into the background and vengeance has been enthroned in its place. The executive with its agents and servants has allowed itself to be minister of a policy of blind, pitiless and indiscriminate revenge."

"There is an overwhelming case for inquiry, but as it was contemptuously and vigorously refused, one is obliged to draw one's own conclusion."

BAD WEATHER JINX ABANDONS PARTY

President-Elect Harding Finds Good Weather Aboard Ship—Spends Day in Playing Shuffle Board.

(By The Associated Press) Roanoke, Va., Nov. 19.—The Bank of Glasgow, Virginia, was robbed early today of \$150,000 in Liberty bonds and currency. Three hours later Roanoke police held up an automobile and after a pistol battle killed one of the three occupants, took the other two prisoner and recovered the loot from the bank. In the battle Patrolman O. L. Hendrix was slightly wounded.

The dead man, according to the police, is James B. Rogers of Philadelphia. The men under arrest gave their names as Charles Carter, 38, Cincinnati, and William Porter, 47, of Washington, D. C.

MANY ATTENDED REVIVAL SERVICES

Larger Attendance Than on Thursday Evening—Dr. Violeta Precious at Winchester This Evening.

An audience that exceeded in numbers that of Thursday night gathered in Central Christian church Friday evening for the Violeta revival services.

Dr. Violeta's subject was "A Charmed Life, or the Art of Being Kind." The speaker delivered a splendid address and was heard with close attention. Two responses to the invitation, "Calvary" was given in a beautiful manner by Miss Louise Miller of Illinois Woman's College.

AFTER TWO WEEKS WORK FEDERATION OF LABOR ADJOURNS

Take Healthy Stand Against Radicalism

STAND ON FOREIGN RADICAL LABOR

(By The Associated Press) WASHINGTON, Nov. 19.—The executive council of the American Federation of Labor concluded its work here tonight without making any formal announcement as to what had been accomplished during its two weeks discussions. Although members of the council, including President Gompers of the Federation were disinclined to talk of proceedings in the executive sessions, it is known that certain programs were discussed which, by common consent will practically become policies of the organizations. These include what is described as a healthy stand against radicalism within organized labor and for sharp restriction of immigration.

There was also an almost unanimous agreement among the labor heads it is understood for closer co-operation between labor and industrial engineers. In this latter belief they were agreed on eliminating waste and inefficiency and creating an atmosphere which would foster greater production. It was said that council members had planned a series of conferences with industrial experts looking to gradual establishment of a co-operation which many deem invaluable.

Unqualified Support Given. Unqualified support is said to have been given the stand against radicalism within and without organized labor as voiced by President Gompers and Vice President Woll, whose denunciation of the bakers from within has been spread broadcast among the workers.

The statement of the federation president as regards radical foreign labor and the suppression of destructionists also was accorded the council's entire approval. Legislation to be urged upon Congress was discussed by the council, but the nature of these plans were not discussed. It was regarded as certain, however, that Mr. Gompers or his aides would appear many times before congressional committees during the coming session and since the federation claims an increase of friendly members in each branch leaders are confident of pushing thru much of their program.

VIRGINIA BANK IS ROBBED OF \$150,000

Police Capture Robbers and Recover Loot—One of Robbers Killed in Pistol Duel.

(By The Associated Press) Roanoke, Va., Nov. 19.—The Bank of Glasgow, Virginia, was robbed early today of \$150,000 in Liberty bonds and currency. Three hours later Roanoke police held up an automobile and after a pistol battle killed one of the three occupants, took the other two prisoner and recovered the loot from the bank. FRANCE NOW ABLE TO FEED THEMSELVES

(By The Associated Press) New York, Nov. 19.—Owing to intensive effort of peasants in recultivating their fields, helped by a good season devastated regions of France are now able to feed themselves for the first time since 1914, cable advices to the direction generals of the French services in the United States announced today.

This year's crops in devastated regions of France are now able to feed themselves for the first time since 1914, cable advices to the direction generals of the French services in the United States announced today.

This year's crops in devastated districts will exceed pre-war production, it was stated. Not only quantity but quality of 1920 crops is excellent, with the yield unusually heavy.

MORE ELECTION OFFICIALS ARE INDICTED

St. Louis, Mo., Nov. 19.—Indictments were returned today against six more precinct election officials on charges of having made a false count and return in the vote cast in the state-wide primary election last August. This brings the number of indictments returned to 23 since the grand jury began its inquiry into alleged election irregularities two weeks ago.

DEFLATION OF VALUES ON STOCK MARKET CONTINUES

Industrial Conditions Are Still Discouraging

U. S. STEEL TO MAINTAIN PRICES

(By The Associated Press) NEW YORK, Nov. 19.—Deflation of values on the stock exchange and the principal commodity markets was resumed in heavy volume today, sales of stocks aggregating 1,500,000 shares, a total of only a few times equalled this year. Extreme losses in the industrial and special issues extended from 2 to 10 points with no material rallies at the close. Fully 100 shares were at lowest prices of the year. U. S. Steel at \$0 made a new minimum for three years and Bethlehem Steel, whose earnings recently were reported as very satisfactory, established a new low record for five years at 51. Advice dealing with financial, commercial and industrial conditions retained all of their recent discouraging characteristics. The one exception was the money market, but relaxation in that quarter was of little avail in the face of more unfavorable factors involved in the extensive process of economic readjustment.

The decision of the U. S. Steel corporation to maintain present prices as a means of stabilizing that industry unless it becomes necessary and proper to make changes to meet altered conditions, was offset by the news that the Midvale Steel Company had materially curtailed its working force.

The proportions of enforced liquidation and short selling in today's market are obviously a matter of conjecture and guesswork, but professional bears were extremely active, despite the disapproval voiced at their course by banking interests.

PRE-WAR PRICES HIT GRAIN MARKET

Corn and Oats Sacrificed Wholesale Trading in Pitt—Wheat Most Sensitive of Any Trade Commodity.

(By The Associated Press) Chicago, Nov. 19.—Pre-war prices made their first appearance today in the grain market, corn and oats were sacrificed wholesale in the trading pits until both cereals were squarely on an ante-bellum basis. Transactions in wheat were also of great volume with price slashing in progress. Reported unsettled general business conditions furnished the background and large supplies of foodstuffs were said to be in sight with livestock being rushed to market instead of being held on farms awaiting reports.

Wheat showed itself the most sensitive of any board of trade commodity, and stopped falling only after having broken 1914 a bushel.

Persistent liquidation of corn especially was explained by bears as due to necessity of a price low enough to induce consumers to stock up ahead of requirements and to impel buying on the part of investors. This view, however, was being actively combated late in the day by the bulls with the question as to whether with pre-war prices already attained, the period of deflation was not now fully over at least as far as cereals were concerned.

JENNINGS TO SERVE IN COURT HOUSE POST

Well Known Murphysville Young Man Named by Circuit Clerk-Elect Wannamaker.

Circuit Clerk-elect Frank Wannamaker made known yesterday that one of the deputies who will serve in his office is R. H. Jennings of Murphysville. Mr. Jennings is principal of the Litterberry schools and recently made arrangements with the directors to give up his work there in order to take the court house position.

The newly chosen deputy has spent most of his life in Murphysville. He was one of the first Morgan county young men to volunteer for service in the world war and spent fourteen months overseas, taking part in several of the heaviest campaigns in which the U. S. troops were engaged. He was twice wounded.

Before entering the war he had prepared himself for teaching work, taking a course at Normal. The new deputy is 27 years of age, is married and is accounted one of the most estimable young men of Murphysville precinct.

OFFICIALS WILL BE ASKED TO APPEAR BEFORE COMMITTEE

Favoritism is Shown in Allocation of Ships

FAVORS BARE BOAT CHARTER

(By The Associated Press) NEW YORK, Nov. 19.—Present and former high officials of the United States shipping board will be asked to testify before the Walsh congressional committee now investigating the board's affairs. It was indicated today. Allegations that foreign interests and men who "had always been opposed to the upbuilding of an American Merchant Marine," had worked their way into suborning positions with the shipping board with the intent of helping foreign competition, were made by Edgar F. Luckenbach, a shipowner and operator. He said that among the alleged "favored" firms in allocation of ships were subjects of Great Britain he testified he did not include in this indictment any of the board officials and he added that there were other business men who felt that foreign interests were favored.

He charged the Kerr Steamship company of New York had been allowed to make three free trips—that is exempt from charter here with vessels the firm purchased from Austrians after this country entered the war. Mr. Kerr and Mr. Clegg, Kerr's associate, he said were then British subjects.

When these free trips were granted he asserted that freights were the highest in the world's history. Discriminations in allocations, he charged dated back to the time this country commandeered the Dutch ships in American waters. Some of these ships, he said, "were allocated to British firms while American operators 'stood by.'"

Alleged discrimination in allocation had put his firm out of the Australian trade—a trade which he had spent thousands of dollars to build up, he asserted. He said he was given but one ship for Australia, while Welding, who had not a single dollar invested in American shipping was allocated seventeen boats for the Australian service.

Favors Bare Boat Charter. He testified he was in favor of the "bare boat charter plan" whereby operators would pay all expenses of crews, supplies, etc., over the present form of charter and operating agreement.

"If such was the case, he added, the shipping board would be making money instead of losing millions of dollars every day. In addition to suffering a financial loss in the re-purchase of ships commandeered from him by the board when under construction he also charged he was out of pocket \$4,817,000, which he had to pay to re-condition ships requisitioned by the board and returned to him "on five days' notice."

He said his claim against the board for this sum which covered several vessels was still unpaid and had been told he was not entitled to any interest. One of the ships, he said cost him \$1,000,000 to recondition.

It is sometimes a pleasant thing to obey.
When Gov. Small is inaugurated it is proposed to have a grand ball with all arrangements on an elaborate scale. The governor elect says that if all the applicants for state jobs are present, attendance records will be broken.
A great many prominent men are believers in military training. Perhaps the most consistent advocate of this idea is General Hawkins, who died recently in an eastern city. He left all of his million dollar estate in a fund to promote military training.
Well, anyhow, it's good news that the state tax rate will be no higher next year, for such is the recent announcement from the Illinois department of finance. After the Republican congress gets busy at Washington and provides some bonding method for funding the big national indebtedness, real relief will come to the tax payers.
The constitutional convention proposes the abolishment of probate courts in downstate counties, consolidating their duties with those of county courts. Even if this change is approved by the people at the polls, it will make no difference here. In Morgan county the county judge, the not a highly paid officer, presides over county, probate and juvenile courts.
With 5,000 miles of Illinois hard roads in the making, advocates of the state constabulary bill are increasing in number. There is no denying that this proposal will have considerable more support at the polls, in the next general assembly than it had two years ago. Increase in automobile banditry and the possibilities of still further increase with the development of hard roads furnish the best arguments for the law.
YOU AND ROBINSON CRUSOE.
"One of the most persistent advertisers in the history of success was Robinson Crusoe," writes Prairie Farmer.
"I knew what he wanted—a ship—and he put up an ad for one."
"He flung a shirt on a pole at the top of his island; that, in the language of the sea, was plain to every seafaring man."
"The circulation was small, there was no other medium, but Crusoe kept at it, despite the fact that he got no inquiries for a long time."
"In the end he got what he wanted, was happy, and his name and fame have come down thru the ages!"
"Suppose Robinson Crusoe had taken down his signal after a year and declared: 'Advertising doesn't pay! Where would he and his story be now?'"
Or suppose something had whispered in his ear: "No use, Robinson—these are pretty hard times. Nobody is buying or sailing any ships while money's so tight. Better cut out your advertising until times get good again."
Advertise now and next year. Put up your signal and keep it there!

Rippling Rhymes
By Walt Mason
Masterpieces.
I stand the bulky book on end, give it a glance, and let it drop—the stuff the wise men recommend to youths who yearn to reach the top. I wonder if the wise men read the dope they'd like to pass along, stale bunk from sage gone to seed, and bards who croak a dreary song. I've tons of volumes in my home on reading them. I'm always bored, but I pass up the musty tome that makes personal punishment. The mildewed sage, when he wrought, held it a crime to start a smile; I have no use for Gems of Thought couched in a dull and dismal style. The wise men like to stand on end, and say to youth, "Read useful books! Here is a work we recommend—the sermons of August Snooks." But when these wise old boys were lads they hid in their respective barns, in trembling terror of their dads, and read the Beadle brand of yarns. I say to youth, read high romance, and tales of daring and of gore, the day will come, as years advance, when they won't thrill you any more. Then with the wise men you will stand, and say to striplings blithe and hale (some punk old volume in your hand), "Read anything that's fat and staid!"

ORGANIZATION OF COUNTY COMPLETED
Work on Red Cross Survey Progressing Satisfactorily Will Bring Out Many Interesting Conditions.
The Red Cross Survey officials have completed the organization of the county, by selecting committees in each of the precincts of Linn, Litchfield and Concord.
The Linn precinct committee is as follows:
Fred Schofield, chairman; Mrs. L. R. Cronkright.
Litchfield, Miss Georgia Litchfield, chairman; Mrs. W. Earl Rexroat, Mrs. Raugh Jennings, Mrs. John P. Guy, Miss James Peterson, Branch chairman and Miss Lora Peterson.
Concord, Alfred Brockhouse was appointed chairman and will select the full committee.
Returns are coming in at headquarters from the different sections and in a very gratifying manner as to the information contained and in the intelligence manifested by the members of the different committees.
The committee on health has met for the purpose of classifying and co-ordinating some of these reports and certain facts have already been demonstrated that when published will cause surprise in many quarters.
The committee on housing, working on the question of water, sewers and general sanitary conditions. It is intended that when the work is completed, we will not have a haphazard guess as to the conditions that have prevailed in the past, are now existing and will continue until some intelligent and systematic effort is made to better them.
As an illustration of this may be cited the fact that for many years this city has had an unenviable distinction of leading the list of cities of this size with number of deaths due to typhoid fever. There certainly is a reason for this condition, and it is morally certain that when all the facts called for in this survey are assembled, classified and studied by those who are competent for this manner of work, that the source of this trouble will appear so clear that there will be a universal demand for betterment.
This movement is similar to the policy of the merchant who takes an inventory of his stock at certain periods and readjusts his affairs in accordance therewith. This survey is not for the purpose of compelling any action of any kind, but merely to reveal facts as they are, leaving the remedies to an aroused and enlightened public.

A FAITHFUL FRIEND OF ILLINOIS COLLEGE
J. J. Bergen came over from Virginia yesterday to be present at the gathering of his college society, the Phi Alpha, last evening and to attend the various events of today. Mr. Bergen is one of the older graduates of the college but is still loyal and true to the alma mater and likes to attend the various events that take place there.
He has also been an Odd Fellow for fifty years and has recently returned from attending the grand lodge meeting at Springfield. He says five thousand men and women were present and the proceedings were very interesting.

ASTHMA WOULDN'T LET HIM LIE DOWN

Hasn't had a sign of trouble now for over 9 months.

"A year ago I had asthma so bad my friends thought I would never get over it. I had doctored for a long time without results. I had not been in bed for 3 weeks, could not even sit up without in a chair. Then I heard of Milks Emulsion and started using it. It was only two days later that I could go to bed and sleep soundly. After taking eight bottles I found myself completely cured. It is over 9 months now since I quit taking Milks Emulsion, and I haven't had a symptom of asthma since."—Geo. W. Baker, R. F. D. 1, Latrobe, Pa.

Why shouldn't Milks Emulsion help you? It has worked wonders for others. It costs nothing to try. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

WESTERN CONFERENCE RACE CLOSING TODAY

Championship Will Be Decided at Urbana Where the Strong Ohio Team Will Battle With the Illinois-Wisconsin Plays Chicago.

Chicago, Nov. 19.—The western conference will close its 1920 football season tomorrow with every team in action and six eleven fights for the first four places in the team standing. The final day of the season is expected to bring forth hard fought games, perhaps settled in the final minutes of play, which have characterized the Big Ten contests throughout the year and made the 1920 race one of the tightest on record. All eleven tonight were reported in tip-top shape and in most cases there was little to choose between the opposing teams.

Illinois and Ohio State, champion and runner-up respectively in 1919, again will meet in a game which will decide the championship. Ohio State, in first place with an undefeated record and victories over Wisconsin, Michigan, Chicago and Purdue, was expected to be a slight favor over the Illinois who lost to Wisconsin, but the fact that the game would be played on Illinois home field was looked upon by some as offsetting any slight advantage by the Ohioans.

Ohio State, by winning tomorrow, would have a clean slate, while Illinois, if victorious, would possess a record of five victories and one defeat against a mark of four and one for the Buckeyes.

While the Big Ten honors rest in the outcome of this game, the next three positions in the standing are in such a complicated mixup that Wisconsin, Indiana, Iowa and Chicago are fighting for them with the outcome resting with tomorrow's contests. Wisconsin meets Chicago here and is given the advantage on previous scores, but Chicago has regained much of its early season strength which was lost thru injuries to players. Victory for Wisconsin and Ohio State would place the Badgers in second place.

Michigan battles with the place Minnesota eleven and expects to be considerably stronger than when eliminated from the championship race earlier in the season. The Wolverines have a better record than Minnesota, however.

Indiana and Purdue are expected to furnish the hard play which always has characterized this annual contest.

Northwestern plays Notre Dame at Evanston in the most important of the non-conference games. The Indiana aggregation, which, it was said tonight, would be Cy Gipp, its greatest back, may be given a hard tussle by the Big Ten eleven, but ordinarily Northwestern would not be expected to furnish much opposition to the conquerors of the Army and Nebraska.

Iowa also goes outside the conference to play the annual game with the Ames Aggies at Ames. Each team has shown considerable strength in recent games, though weak early in the season. Nebraska will meet the Michigan Aggies at Lincoln in the only other game of importance in the middle west.

WITH THE SICK

Dorothy and Mardell Worrall will be taken to Our Savior's hospital where they will undergo an operation for the removal of the tonsils and adenoids today.

HARVARD ENTERS YALE GAME AS FAVORITE

Last Game of the Great Eastern Inter-Varsity Football Classic Will Be the Feature of Today's Football Card—Yale Will Enter Contest With "Do or Die" Spirit.

New York, Nov. 19.—The Harvard-Yale game, the last of the great eastern inter-arsity football classic, is the outstanding contest of tomorrow's gridiron schedule. Regardless of the two defeats which mar the Eli's record and the tie game registered between Harvard and Princeton, interest in the annual battle of the Crimson and Blue transcends that centered in any of the other games which go to make up Saturday's football card.

Harvard will enter the contest in the Yale Bowl, an overwhelming favorite over the home eleven, but the probable playing form of the two teams does not warrant the odds quoted. This one-sided favoritism is based to a great extent upon the unexpectedly weak showing of Yale against Princeton last Saturday. A careful analysis of that game would appear to indicate that the lapses of the Elis were more mental than physical and if such conclusions are arrived at after a diagnosis of the defeat a radical improvement in the Yale play is not only possible but probable. Yale teams of past years, defeated by Princeton have turned in a last desperate effort and played surprising football against Harvard, holding the Crimson to a tie or falling before the Cambridge rushes by a small score only after a most grueling struggle.

Many close followers of football are looking forward to a somewhat similar stand tomorrow as the entire Yale student and alumni body has given unexampled evidence of faith in the Eli eleven and the resultant "do or die" spirit of the team should go far to make up for technical errors in the play.

Neither the army nor navy will play tomorrow reserving their strength for their annual conflict a week hence.

LOMBARD CLAIMING STATE CHAMPIONSHIP

By Virtue of a Victory Over Knox College Friday Afternoon, Lombard Scored Three Touchdowns and a Field Goal Galesburg, Ill., Nov. 19.—Lombard College eleven claims the state championship of minor colleges by virtue of a victory over Knox College here this afternoon, score 24 to 6. Lombard has won seven of eight games played this season.

In each of the first three quarters, Lombard scored touchdowns. Klink scored in the first quarter on a forward pass after quarter Hess scored on line plunges. A sweepin end run in the third quarter gave Rainey a touchdown.

With four minutes left to play in the fourth quarter, Welch, of Knox, caught a forward pass and scored. Ludwig failed to kick goal.

PHI ALPHA REGULAR MEETING

A regular meeting of Phi Alpha Society was held Friday evening in Beecher Hall. The following program was rendered:

Essays—Barker, "The Price of Victory"; Theis, "The Pursuit of Happiness"; Green, "Adding Machines."

Declaimer—Andrew, "Acolit, the Martyr."

Orator—Wilson, "Socialistic Control."

Select Reader—Tanner, "Sigma Phi," by F. T. Watkins.
Extemporizer—Howard, "Hats." Several alumni members were present and gave interesting talks. The first was Mr. S. W. Nichols, one of the most faithful and best loved members of Phi Alpha. He was followed by Mr. Bergen of Virginia, Mr. Govett of Quincy, Mr. Ernest Frost, Mr. Ward and Mr. Mendenhall.

The question for debate was: Resolved, that Japan should be accorded the same privileges in the Orient as the United States assumes in the western hemisphere. The affirmative was upheld by Messrs. Frost and Thomason. The judges' decision and the merits of the house were voted to the negative.

GEORGE W. GOVERT

HERE FOR GAME
George W. Govert and son of Quincy arrived in the city Friday evening for the homecoming of the college. Mr. Govert was a member of the class of 1895 and of Phi Alpha society. Last evening he attended the meeting of the society and made a splendid address. Mr. Govert's father, W. H. Govert, was a member of the class of 1868. Mr. Govert's son expects also to enter Illinois College where he completes his school work in Quincy.

MILLIKIN MEETS ILLINOIS TODAY

Football Teams Will Clash at Annual Homecoming With Favorable Weather Conditions a Great Crowd Is Expected.

All is in readiness for the annual clash of Millikin University and Illinois College this afternoon. The event will feature the annual Illinois Homecoming and if the weather holds good the game will be witnessed by one of the largest crowds ever in attendance at an Illinois game. Illinois has not played a game for two weeks but during that time the squad has been put through some strenuous drilling by Coach Harmon in preparation for the game. All of the men are in good shape and will give a good account of themselves this afternoon.

As will be seen by the Millikin lineup, Coach Wann will also present his strongest battle front to Illinois. Zoller, his star end and premier punter who has been out for two weeks on account of a bad shoulder will be at his accustomed place at right end and will do the kicking for the visitors. Abrams who was out for some time because of torn ligaments in his leg is also off the hospital list and will be at the full back position.

Three men on the Illinois team will play in their last home game this afternoon. They are Barnes, Andrew and Fanning. These men have played good football during the season just coming to a close. Their many friends are hoping they cover themselves with glory and Millikin with a coat of whitewash in this game.

Provision has been made for extra seats to take care of the crowd and all are assured of accommodations who attend. Lantz of Gettysburg will be the referee. McNeill, Augustana, umpire; Cook, Normal, field judge; Ruston, headlinesman. The game will start at 2 o'clock. The teams will line up at the first whistle as follows:

MURRAYVILLE WON FROM CENTENARY

Took Local Team Into Camp by Score of 22 to 15—Game Was Hotly Contested but Close Guarding Kent Centenary Away from the Basket.

Murrayville high school took the Centenary church team into camp in David Prince gymnasium Friday evening by a score of 22 to 15. The game was witnessed by a large crowd, many of them being Murrayville rooters. The rooting was strenuous throughout and the game was full of "pop."

Jones and Kennedy made all of Murrayville's points and gave a fine exhibition of floor work. Murrayville has a strong high school team and her guards easily stopped the forwards of the Centenary team.

When it is considered that Murrayville has no indoor floor and all of the practicing must be done in the open air the team shows remarkable proficiency. If they can get some place to work indoors they should cut some figure in the district tournament here next year. They are a good clean bunch and the locals gave them full credit for their victory. The score:

DEFEATED PEORIA 13-7
Peoria, Ill., Nov. 19.—With the downstate prep school football championship at stake 8,000 cheering rooters saw the strong Urbana high school eleven defeat Peoria high here today 13 to 7. The Urbana players outweighed the Peoria eleven, and with line plunges scored two touchdowns in the first quarter, while two brilliant forward passes netted Peoria's touchdown in the third quarter.

THOUSANDS ARRIVE AT CHAMPAIGN FOR GAME

Both Teams Reported to Be In Good Condition for the Championship Game—Every Ticket for Today's Contest Has Been Sold.

Urbana, Ill., Nov. 19.—Illinois and Ohio State football eleven will fight it out here tomorrow for the championship of the western conference with the two teams, which fought the title deciding contest in 1919 apparently on even terms.

Tonight the contest was expected by many to develop into a repetition of the 1919 game so far as style of play was concerned. A year ago Illinois won the championship when Ralph Fletcher sent over a field goal in the final minute of play for a 9 to 7 victory after Ohio had forward passed its way to a touchdown. Indications were that the battle tomorrow might be decided in the same way with the accuracy of Hoge Workman's right arm in hurling passes and the adeptness of Ralph Fletcher's toe in propelling field goals as deciding factors.

Each team has received lucky breaks in previous games this season. Most of Ohio State's victories have been won thru the ability of Workman to send the ball directly into the arms of a teammate, while Fletcher on several occasions has kicked the ball thru the uprights for points. With both eleven strong defensively and the offense of each resting on passing or kicking a tight score was expected.

Thousands of football followers were here tonight and with every ticket for the game sold the largest crowd in Illinois football history was expected to attend the contest. Clear, cold weather, ideal for football, was predicted for tomorrow.

The probable lineup:

WINCHESTER COUPLE GIVEN A SURPRISE

Mr. and Mrs. Henry C. Herring Pleasantly Surprised by Friends on Wedding Anniversary—Other Items of Interest From Winchester and Vicinity.

Winchester, Nov. 19.—Mr. Mrs. Henry C. Herring were given a very pleasant surprise at their home on West Cherry street Thursday evening, the occasion being their 35th wedding anniversary. Mr. and Mrs. Herring were at supper when twenty of their friends from Lynville and Winchester came, bringing with them oysters, pickles, celery, ice cream, cake and other good things to eat, taking their host and hostess completely by surprise.

The bride and groom of thirty-five years ago were presented a beautiful bouquet of Russell roses. The cutting of the wedding cake was an interesting event, C. W. Potter receiving the thimble, Mrs. Henry Herring the ring, Frank Ranson the dime and Mrs. Nellie Dolan the needle. All of the family were there except Mr. and Mrs. Harry Herring, who live in Breckenridge, Tex. The occasion was one long to be remembered by all those present, and when the guests departed at a late hour it was with the best of wishes for Mr. and Mrs. Herring, who are among the best known and most prominent of the Scott county people.

Among those in the company were Mr. and Mrs. Charles Potter and son, Yates and daughter, Evanda; Mr. and Mrs. Frank Ranson, Mr. and Mrs. Warren North; Mrs. Estelle Woodall and son Warren, Mr. and Mrs. F. R. Waters and daughters, Heloise and Madeline; Mr. and Mrs. Albert Potter, Mr. and Mrs. William Herring and son.

News Notes

Mr. and Mrs. Fred Neat and son left Thursday for Terre Haute, Ind., to visit friends.

Mr. and Mrs. Newton Moore of Huffs were business visitors in Winchester Friday.

Quite a number from here attended the box social and entertainment given at Glasgow school, of which J. T. Ward and Miss Louise Dawson are the teachers.

Randolph Little is confined to his home by illness.

The remains of the Willis Adams were brought to Winchester Friday from Merritt and burial was made in Young cemetery near Glasgow. The deceased, who was about ninety years of age was well and favorably known in Scott county. He made his home in the Glasgow neighborhood for many years.

T. B. Smithson is critically ill at his home on North Main street. S. W. ePak and wife have moved to the property they recently purchased from the Glossop estate.

The remains of Hardin W.

Fowler, who died overseas, arrived in Winchester Friday noon and were taken to the family home near Glasgow. The funeral services will be held at some time Saturday.

The first rehearsal for the Christmas cantata was held at the high school building Friday evening. There was quite a good attendance but it is the hope of those in charge of the affair that many others who are able to take part will be on hand at the rehearsal, and thus help to make the cantata a success.

RELIGIOUS DEBATE IN GREENE COUNTY TOWN

E. L. Wendell and W. M. Russell to Debate Important Question at Walkerville Dec. 1—Other News From Greene County.

White Hall, Nov. 18.—The proposed religious debate between William M. Russell and E. L. Wendell has finally been set for action on December 1st next, and it will be held in the M. W. A. hall at Walkerville, nine miles southwest of White Hall. Russell will take the negative on the resolution "That man is the product of evolution under an all-wise God." Russell is a Presbyterian. He resides at Bluffdale, and is one of the most scholarly men in Greene county. Wendell is so well known as to hardly need introduction, but it might be said that as a debater of the rapid-fire order is without a parallel in this section. The event has been considered for upwards of five years but the final arrangements had not been concluded until yesterday. A small fee will be charged for admission, and the proceeds will go to the Walkerville Baptist church. All efforts to bring about the debate in a church at White Hall or elsewhere met with failure on account of the fear of the officers that it might engender ill feeling, but a more friendly debate was never arranged than that which will take place between Messrs. Wendell and Russell.

The neighborhood of Haypress, a mile or so from Walkerville, will observe Thanksgiving both morning and evening with feasts and services of thanks. The discourse at 11 o'clock will be delivered by Rev. E. L. Wendell.

Advice from Washington, D. C., is to the effect that Ed C. Pearce has successfully passed an examination for promotion in the income tax service, and he will be transferred to Springfield, Illinois, January 1st. He will reach White Hall December 3rd to spend the month with his family. He went to Washington less than a year ago, and his advancement has been remarkable. As a transfer point between the Alton and the Burlington, White Hall has been increasing in importance for the past few years, and the volume of business has shown increase lately. Now the Alton is delivering to the Burlington the first of a shipment of 200 carloads of brick for Broken Bow, Nebraska. The

brick comes from Alton, and deliveries will be made daily until the order is completed.

VENIZOS LOST IN GREECE ELECTION

Dr. Edward Capps Issues Statement at Athens to Explain Sentiment in United States.

An Associated Press dispatch from Athens, recently published in the Chicago Tribune, quotes Dr. Edward Capps, American minister there, as denying the story that public opinion in the U. S. favored the return of King Constantine to the throne and was opposed to the success of Premier Venizelos and his associates. The Athens dispatch read as follows:

"The government, in an official announcement this afternoon, virtually admits the defeat of the Venizelists in the general elections thruout Greece yesterday. It says it will await the final results, and then, in conformity with constitutional principles, resign before the convocation of parliament.

"If Premier Venizelos was unsuccessful in obtaining a majority of twenty five votes in the chamber of deputies, it is considered he will be unable to solve the dynastic problem.

"Early indications on the returns were that he could not definitely figure on 200 Venizelist deputies. When the votes of the soldiers have been counted, however, the situation may change in favor of Premier Venizelos.

Statement By Cabinet.

"The cabinet met and issued the following communication: "It is evident that the government was mistaken in its early explanations regarding the elections, altho definite results are not yet known.

"It will await these results so as to turn over the power to the party designated by the popular suffrage, in conformity with the constitution, without awaiting convocation of the chamber."

"The opposition claims a sweeping victory, even the personal defeat of Venizelos in the city of Piraeus.

"The issue of the campaign was the return of former King Constantine to his throne, from which he was deposed during the world war. Following the death of King Alexander three weeks ago the throne was offered to his younger brother, Prince Paul, who in answer virtually demanded that the Greek people pass on the question whether King Constantine should come back from exile.

Only a Few Clashes.

"The day was calm thruout Greece, no grave incidents occurring except a few minor clashes between supporters of Premier Venizelos and the opposition by streams from fire hoses.

"Opposition journals printed a dispatch they alleged had been sent by King George of England to Queen Sophia, wife of former King Constantine. This purported telegram read:

"Dearest Cousin: I am glad you will soon return to Greece."

"They also printed assertions that public opinion in the United States favored the return of King Constantine to the throne.

"Newspapers loyal to Premier Venizelos countered with an interview with Edward Capps, American Minister here, denying these statements. He was quoted as saying that Americans as well as the allies, did not favor Constantine."

ILLINOIS COLLEGE TO DEDICATE ORGAN

E. W. Blatchford Memorial Organ to be Dedicated Sunday Afternoon, November 21.

The E. W. Blatchford Memorial organ, which has been donated to Illinois College by Mrs. W. Blatchford of Chicago, will be dedicated at Recital hall in the Academy building Sunday afternoon at 3:30. Various members of the Conservatory faculty, including Mrs. Bullard, Mr. Quast, Miss Armstrong, Miss Sorrells, Mr. Kritch and Mr. Mungler, will give the musical program. A brief address on the career and character of Mr. E. W. Blatchford will be delivered by Harry J. Dunbaugh of Chicago. As previously explained, this organ was housed for many years in the Blatchford home on LaSalle street in the city of Chicago and it has been given to the college in memory of one of her most distinguished and generous sons. Mr. Dunbaugh, who is to deliver the address on Mr. Blatchford, was intimately acquainted with the man in whose memory the organ has been named. All

friends of the college are cordially invited to the exercises.

MURRAYVILLE MEETING FOR ILLINOIS COLLEGE

A supper was given by the ladies of the Methodist church at Murrayville in the interest of Illinois college campaign last Monday evening. This meeting was one of the most successful held in the various county precincts. The attendance was good, the supper fine, and the program excellent. The chairman of the committee which furnished the supper was Mrs. Norman Carlson. The local committee co-operating with the college in Murrayville consisted of Harry Cade, J. A. Carlson, J. L. Wyatt, J. W. Fanning, S. A. Bracewell. At the supper Mrs. William Barr Brown, Jr. sang several solos. Russell Pinkerton played the trombone and Frank Collins played the piano. The chief address of the

evening was made by Dr. Thomas W. Smith. A large number of Murrayville friends subscribed to the campaign on the day following the supper, but the canvas has not yet been completed. As soon as the canvas is completed the names of the donors will be published.

COULDN'T RAISE VOICE ABOVE WHISPER ON ACCOUNT OF NASAL CATARRH

Worse at Times, but Suffered Constantly from Dripping Into Throat, Hard Breathing, Headaches and Constipation

Claims Dr. Edwards' Brought Prompt Relief

"I certainly can recommend Dr. Edwards' Olive Tablets to any one suffering as I did, for it has accomplished wonderful things for me," said Mrs. V. E. Vick, who lives at 1414 S. Hickory St., Centralia, Ill. "I was so nervous and frightened all the time I couldn't sleep, my heart beat so jerky and felt like I was choking and it seemed to swell, pressing against my lungs causing fearful pains in my chest. My voice was so husky I and it is being especially introduced in Jacksonville by Coover and my throat as dry as a chip."

There was a constant dripping of phlegm from the back of my nose into my throat, which kept my stomach upset all the time. I was so nauseated I had no appetite at all and the little I ate didn't digest properly but turned to sour gas bloating me up until I felt like I was going to burst. I was so dizzy that my daughter had to grab me at times to prevent me from falling.

"Last week was a wonderful week for me for I felt fine, slept sound, had excellent appetite, can now speak out clearly, have no more headaches and am so much improved in every way, and Dr. Edwards' Olive Tablets are the cause of my wonderful improvement."

All druggists now sell Dr. Edwards' Olive Tablets. Introduced in Jacksonville by Coover Drug Co., and J. F. Shreve.—Adv.

MISS LILLIAN HUGHETT WEDS CALIFORNIA MAN
Word has been received in Jacksonville of the marriage on October 17, at Taft, Cal., of Miss Lillian Hughett, daughter of Mr. and Mrs. Silas Hughett of West Lafayette avenue, to Guy Stonehocker of that city. The ceremony was performed at the home of the bride's brother, Robert Hughett.

The bride is a graduate of Jacksonville high school, with the class of 1918. She was born and reared in this city and has a wide circle of friends among the young people here. In September, following her graduation, she went to Taft, Cal., where she kept books for her brother, R. L. Hughett, who runs a large market in that city. Last July Miss Hughett came home for an extended visit with her parents; but early in October departed for California, where her marriage took place after her arrival in Taft.

The groom is a mechanic in a large auto establishment at Taft, where he is well known and highly respected among a large number of friends. Mr. and Mrs. Stonehocker will make their home in the west. They will occupy a residence in Taft, formerly occupied by James Hughett, a brother of the bride, who recently built a new home for himself.

WILL TAG CROWD AT CONTEST FOR OPEN AIR SCHOOL
Prelude to Christmas Seal Sale Saturday at Illinois-Milkin Foot Ball Game.

The Christmas Seal Sale which will begin on Thursday, November 25, 1920, is to have a prelude on Saturday, November 20, when, through the kindness of President Rammekamp and Illinois College, an "Open Air School" tag day will be held at the Milkin game. Fred Darr, publicity manager for the seal sale will direct this effort.

The Jacksonville Anti-Tuberculosis budget for the year 1921, is composed of 2 principal items:

The expenses of the Modern Health Crusade (a movement with which every parent is acquainted who has a child in the Public Schools).

The food for the Open Air School, too few parents know of this second. On West State street, next to the Grace church, is an all well-glassed building, and this is the Jacksonville Fresh Air School. These open windows mean light and air for the little people who attend this school, which is not for actively tubercular children, but is for those whose physical condition demand constant fresh air, plenty of light, ample rest and individual attention from their teachers.

These children are sent here where they are kept all day, are fed, rested and instructed. It is an interesting sight to see them in their warm suits of grey, cuddled under woolen blankets during their noon rest hour in the open school room, or to see them at lessons, in small classes, in a large room with windows opened wide, each child clad in his comfortable suit.

In order to give these small citizens the proper care and attention that they may have an equal chance with other children in life, each man and woman of Jacksonville must give his or her share. The Board of Education finances all the expense of the school except the food and this, as any parent realizes, is an important item in every child's life.

The expense of the food is between 17.5c and 21c per capita per day. There are 37 children there now, but there will be 45 children before the winter is far along. The money from these tags and seals pays for this food.

These children must be adequately and properly fed, and it is the privilege of the citizens of Jacksonville to do this. To this end we start our campaign with a tag day. Let every person get his share of the blessing by participating in this sale.

Buy a tag today and buy seals when the sale opens!

A COMMUNICATION FROM FATHER FLANN
Murrayville, Nov. 15, 1920.

To the Editor of the Jacksonville Journal:

The Red Cross has been regarded as one of the world's greatest humanitarian organizations. Its purpose, the relief of poverty, suffering and affliction in time of war, epidemic and disaster, has won for it from all human hearts sentiments of praise and admiration.

It receives from all civilized peoples, moral and financial support and this support it will always rejoice in if it confines itself to its original program.

Its original intent was not to be influenced, to be biased or meddle in politics or religion; it was to act the part of mother and nurse in suffering, and epidemic and the good samaritan in sudden poverty and disaster.

As a rule when a society or organization adheres strictly to its original purpose it continues to be a success; but when it branches out meddling in church affairs, other people's business, playing the spy, etc., it will descend rapidly from its pinnacle of glory and suffer the loss of the people's support.

From the "questionnaire" recently issued by the Morgan County Chapter one can readily judge that the organization or chapter is exceeding its original intent.

It would seem to be indulging in the Inter-Church Movement; to be usurping the federal, state and county officials' duties; prying into the private affairs of other communities, societies and individuals, calling on "leaders of congregations to act the spy and informant. Now how do these things compare with the original program of the Red Cross? The "questionnaire" contained thirty five questions. I will just refer to a few.

What business is it of the Red Cross or any other organization what any priest's or minister's salary might be? It is quite an important question, yes risky especially since the income tax law is in effect, do you see the point?

"Is my church self-supporting?" Well, what has this to do with the Red Cross organization. Does the organization intend to make up the deficit?

"How many churches do I serve?" What is the idea, does the organization intend to provide a pension or a home for decrepit, debilitated superannuated ministers. "Is your church growing; static; declining?" How does this pertain to the Red Cross, and above all how can it apply a remedy? Let the cobbler stick to his last.

"Where do men and boys of the community meet; at stores, pool rooms, restaurants or barber shops? Is there any bootlegging in the community?" "Do the boys get liquor?"

From the above questions it seems to me that the Red Cross instead of being a relief and preventative of suffering, is inviting disaster and affliction on the footholdy informant. No sane man or one who prizes his life would dare answer the above questions.

Moreover we have public officials to attend to the above matters, and we deem it very extraneous to the scope of the Red Cross mission.

Priests and Ministers are moral leaders in their communities and not police, detectives or spies.

Such questions cannot serve to help the Red Cross either morally or financially. Let the organization return and strictly adhere to its original program and it will enjoy the support of the people, otherwise it will die an untimely death.

Is it because the exchequers are bursting with funds that the organization must branch out into other fields of endeavor? If such be the case then what is the answer to the following question? Fifty cents out of every dollar is supposed to remain in the community for any suffering or dire need that may arise. Where was the Red Cross last winter and spring, also a year ago, when the influenza was raging? There were sad cases of distress and lack of nursing, some cases ending fatally because of a lack of funds to hire assistance.

Where was the 50c that each member donated for just such an emergency? Is the chapter's field of labor limited to the corporation of Jacksonville? Then why solicit donations from all over the country?

The field of labor for the Red Cross is the entire world. How admirable! The organization asserts that it differentiates with no race, no creed or no nationality. When it learns of suffering and affliction it hastens, like a fond mother and kind nurse, to proffer what aid and relief it may have in its power. An ennobling thought! How consoling! But how about the suffering and afflicted people in Ireland? Has the Red Cross assisted these poor suffering people yet? No, brother, not yet. Remember it differentiates with no race no creed or no nationality. Will it help? Well, no not if John Bull can prevent it.

What is the attitude of the labor unions of the country towards the Red Cross in this regard. It is this; not to enroll as members until the organization promises to help the suffering people of Ireland.

In this great cosmopolitan nation, the United States, every level headed, broad-minded man and woman (unless he or she be a follower or lover of John Bull and if such be the case, he or she has no place in business in this country) adopts the same resolution.

The war is now a matter of history. The American people have regained their usual mental equilibrium, the fad of giving until it hurts for every cause without previous investigation

has died out; it is no longer the style.

People now require a little information before they can be jerked loose from the hard-earned dollar; they demand the why's and wherefores, the purposes, the channels of transit, destination, and manner of distribution of their donation.

Let the Red Cross confine itself strictly to its original intent and scope of work, let it seek out the suffering everywhere, even in Ireland in spite of John Bull, and it will enjoy in the future as it has in the past the moral and financial support, the praise and admiration of the great American people.

STOCK EXCHANGE

HAS LARGE TURNOVER
By Associated Press.

NEW YORK, Nov. 19.—Hopes
of better conditions in the stock
market today were soon dis-
sipated the reaction of the past
three weeks making additional
headway after an initial period
of comparative steadiness. Sales
amounted to 1,500,000 shares the
largest turnover with one or
two exceptions, so far this year.
More than 100 industrial and
special issues were at the low-
est quotations of the year. United
States Steel added another frac-
tion to its minimum for three
years and Bethlehem Steel was
lower than at any time since
1915.

Steels were the weakest issues
Crucible breaking 10 points and
regaining only a half, with a
net loss of 3 1/4 for Bethlehem.
The decision of the United
States Steel Corporation to main-
tain present prices as a measure
of stability was without influence
and the retrograde movement in
that industry found further ex-
pression in the curtailment of
the Midvale Company's working
force.

Equipments followed the
course of steels and oils and
motors also were weak, with
fouls, tobacco and chemical shares.

PROGRAM FOR BROWN'S GRADUATION COMPLETE

The program for the Brown's Business college graduation exercises, to be held at 8 o'clock Saturday evening at Central Christian church, was announced Friday. The order of the graduation exercises will be:
Organ, "Priore" (Borowski)—Willard Wesner.
Invocation—Rev. W. H. Marbach.
Address of welcome and class rec-

ommendation—G. C. Claybaugh, principal.
Address and presentation of diplomas—Harlan Eugene Reed, president.

Lecture, "A Sample Case of Humor"—Strickland K. Gilliam.
"America"—Audience.
Organ, "Recessional" (Dubois)—Willard Wesner.

Thru arrangement made by Mr. H. E. Read, owner of the colleges, Mr. Gilliam is lecturing at all the institutions in the group. Mr. Read recently paid this tribute to the well-known humorist: Gilliam is not merely funny, though as a platform humorist he is a never-ceasing delight. He is not merely a poet—though his tender songs of childhood have brought many a tear to older eyes. He is not merely a philosopher—though for fifty glad years he has been a wise traveler looking at the world thru eyes that love it.

He writes for every funny magazine in America. He lectures in every state in the union. He is known all over the United States by men and women who like to laugh. He is tall and disorderly; plain and eloquent. He fills his evenings with merriment and tears. Children like him; and to men and women whose hair is white, he brings the memories of happy days. The burden of care that has fastened itself upon the troubled business men rolls off when Gilliam speaks; and whole cities are happier because this prince of optimists has been there.

COUNTY MEMORIAL TO SOLDIERS PROPOSED

Question of Erecting Community Building May Be Submitted to Voters—Law Provides the Way.

The proposal for the erection of a community building in Morgan county as a memorial to soldiers, sailors and marines of the world war was given some impetus yesterday. At the meeting of the Rotary club, Mayor Crabtree, who had been asked to explain the proposition briefly gave the details of the new state law which makes it possible to have such a building by the spreading of a county tax.

Following Mr. Crabtree's statement it was decided to name a committee to co-operate with others in the selection of a still another committee for consideration of the project and its presentation to the public. This committee includes V. R. Riley, H. M. Andre and W. L. Fay. In McLean county recently this question was voted upon and was carried by a very heavy majority. It is proposed to erect the building in Bloomington. Some other counties of the state have taken similar action, evidently looking with favor upon this practical method of paying honor to the service men of the war.

Community Building Purposes.
A community building is just what the name implies and would answer the purpose of an armory or coliseum and would include the permanent quarters of the American Legion, the Veterans of Foreign Wars, Grand Army of the Republic, Woman's Relief Corps, Service Star Legion, Spanish-American War Veterans, Red Cross and other patriotic societies.

In order to bring this question before the people it is necessary for 200 citizens to join in a petition to the county board asking that the question be submitted to the voters. It is a great deal of work, but it is a great deal of honor. It is known that there is a great deal of favor for such a project in this county for such a project and men who are interested in the movement expect to circulate the petitions today and file them with the county board. If this is done, the proposal will be submitted at an election in June. If favorable action were taken then no fund would be available until the following year.

A two mill tax is possible under the law and on the present valuation of Morgan county property it would yield about \$52,000. So if a community building is decided upon, it is probable that the construction cost would be spread over several years, as this plan can be followed and is being used in other counties. The form of petition and the text of the law are printed below:

Petition Form.
"Petition to Erect Memorial Building in Honor of Soldiers and Sailors."
To the Honorable Board of County Commissioners of Morgan County, Illinois:
Name, _____
Address, _____
We, the undersigned, legal voters of Morgan county, Illinois, hereby petition your honorable board to submit to a vote of the people of said county, at the next ensuing election the proposition of erecting a memorial building or monument in honor of soldiers and sailors of said Morgan county, Illinois.

Copy of the Law.
Following is a copy of the Illinois statute, 1919 session law, page 606, monuments and memorials in memory of soldiers and sailors:

1. Proposition to levy additional tax—memorial to be under supervision of County Board.
2. County may contribute—subject to certain conditions.
3. County may enter into lease.
4. Space may be set aside for use without charge.
5. County to appropriate money to cover deficiency in cost of maintenance.
6. To be deemed county property and exempt from taxation.
(Senate Bill No. 315—Approved June 28, 1919)

AN ACT to authorize counties to erect or assist in the erection of monuments or memorial buildings in honor of their soldiers and sailors.

SECTION 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly, That upon the petition of two hundred, or more, legal voters of a county being filed with the county clerk thirty days prior to any county election praying that the proposition of erecting or completing a monument or memorial building in honor of its soldiers and sailors at the county seat be submitted to a vote of the people of such county, such proposition shall be submitted to a vote of the people at the next ensuing county election. Such proposition shall be clearly indicated upon the ballot, and two spaces left upon the margin, one for votes favoring the proposition, to be indicated by the word "YES", and one for votes opposing the proposition, to be indicated by the word "NO", as in the form herein given.

Proposition for the erection of a monument or memorial building in honor of the soldiers and sailors of the county.

The elector shall designate his vote by a cross mark thus, X, and no ballot which has not a cross opposite the word "yes" or "no" shall be counted either for or against the proposition.

Majority Necessary.
If a majority of all the votes cast at such election are in favor thereof, it shall be the duty of the Board of Supervisors or board of County Commissioners, as the case may be, of such county, within one year after such election to appropriate sufficient funds to erect a suitable monument or a suitable memorial building and purchase a site therefor, if necessary at the county seat, in honor of its

soldiers and sailors. If the revenues of the county under the general tax levy shall be insufficient to provide for the erection of such building and the purchase of a site therefor, if necessary, the board of supervisors or board of county commissioners as the case may be may also at the same election submit to the voters the proposition of levying an additional tax and issuing bonds therefor in the manner provided by Sections 27 and 28 of an Act entitled "An Act to revise the law in relation to counties", approved and in force March 31, 1874, as amended.

If a memorial building shall be erected the same shall be under the supervision and control of such county board, and it shall be lawful for such county board to permit such use of the building as it deems advisable.

2. Whenever the people of any county shall desire to erect, or contribute to the erection of a memorial building in honor of their soldiers and sailors and shall procure bonds to subscription to the extent of two-thirds of the estimated cost thereof, it shall be lawful for any county by a two-thirds vote of the Board of Supervisors or board of county commissioners, as the case may be, to contribute such sum or sums of money toward the erection of such a memorial building not exceeding one-third of the cost thereof, as shall be deemed discreet and proper; Provided, that each contribution shall be made subject to the following conditions:

(1) Said building shall be constructed in accordance with plans, approved by such County Board; (2) When erected, shall be forever used exclusively for public or civic purposes; and (3) if, at any time after the construction thereof, it shall cease to be used for such purposes, it and the property upon which it is situated, shall revert to and become the property of said county.

County May Lease Site.
3. If any county shall own and possess any real estate suitable for a site for a memorial building, it shall be lawful for the Board of Supervisors or Board of County Commissioners, as the case may be, by two-thirds vote, to enter into a lease for a period not exceeding ninety-nine years, by which said real estate may be leased to the organization or individuals contemplating the erection of a memorial building through private donations or contributions. Provided the amount contributed or donated by public subscriptions for such purposes shall be equal to at least double the value of such real estate. Provided further, that said lease shall provide that said building shall, when erected, be used exclusively for public or civic purposes, and that upon the expiration of said lease, or the violation of any of its terms or conditions, the improvements thereon shall revert to and become the property of said county.

4. Available space in memorial buildings constructed under the provisions of this Act, may be set aside for the use of organizations of honorably discharged soldiers and sailors of the United States without charge. Boy's clubs, associations of commerce, civic improvement and health bodies, farm bureaus and other similar non-partisan and non-sectarian organizations, not organized for profit, shall be deemed within the meaning of the words "public civic purposes"; available space in such memorial buildings may be rented or leased at a reasonable rental to any such organization.

5. Whenever any memorial building is erected through private subscriptions, as herein provided, it shall be lawful for the Board of Supervisors or Board of County Commissioners, as the case may be, to appropriate money from year to year as it may deem reasonable and proper to cover any deficiency in the cost of the maintenance thereof.

6. Memorial buildings erected in accordance with the provisions of this Act shall be deemed property and shall be exempt from taxation.

7. An act entitled, "An Act to authorize counties to erect monuments or memorial buildings in honor of its soldiers and sailors" approved April 22, 1899, in force July 1, 1899, is repealed.

Approved June 28, 1919.

Funerals

Upham.
Funeral services for Benjamin R. Upham were held from the Reynolds' chapel at 3 o'clock Friday afternoon. The services were simple in character and were in charge of Dr. F. S. Hayden, who for many years was pastor of the deceased. The chapel was completely filled with friends and relatives who gathered to pay a last tribute to one of the city's oldest citizens. The remains were taken to Chicago Friday evening for cremation.

Couchman.
Funeral services for Mrs. Judith Ward Couchman were held Friday afternoon. Brief services were held at the residence at 1 o'clock and more extended services were conducted at Arcadia church at 2 o'clock. Both were in charge of the Rev. C. G. Cantrell.

There was a large gathering of relatives and friends to pay a last tribute of respect to the memory of the deceased.
Music was furnished by Mr. and Mrs. Harry Ogles, Mrs. Alma Smith and Elmer G. Smith. There were many beautiful floral offerings and these were cared for by Misses Louise Wilding, Beatrice Standley, Muriel Standley, Paulina Horner, Ruby Dewese and Pearl Dewese.
Burial was in Arcadia cemetery the bearers being John A. Moss, Robert Standley, Chris Horner, Chris Wilkie, Edward Standley and Edward Patterson.

Social Events

South Side Circle Met.
With Mrs. W. O. Waite

The South Side circle met Friday afternoon with Mrs. W. O. Waite with a good attendance of members. The paper of the afternoon was presented by Mrs. James G. Strawn, her subject, the South Atlantic states. Following the business session a social was enjoyed and the hostess served refreshments. The next meeting will be held Friday, December 3, with Mrs. W. W. Gilliam.

Rebekah Delegates.
Back From Meeting

Three Jacksonville women have returned from Springfield, where they attended the state assembly of Rebekah lodges, and bring brilliant reports from the sessions. Mrs. A. C. Baldwin, president of the district, and Mrs. George R. Bradley were official delegates from Caritas lodge No. 625. Mrs. D. T. Heimlich, a member of the local lodge, also attended.

Never was there more enthusiasm displayed at a gathering of this kind, in the opinions of the Jacksonville women. Each session was one of harmony, and the programs were carried out to the letter.

A number of Odd Fellows from this city, delegates and guests at the state convention, have returned home.

Wedding Announced.

A party announcing the marriage of Miss Emma Swanson, 1425 South West street, and Roy Lomb, 223 West North street, was given by the sister of the bride, Miss Ruth Swanson, at her home last evening.

The young couple slipped quietly away and were married at the home of her sister, Mrs. F. Roberts, Lincoln, Ill., on June 21. They were united by Rev. Kimball of that city. Miss Swanson, for the past several years, has been employed by Swift & Company, and Mr. Lomb for many years working for the P. Bonasina Fruit and Confectionary store. The young couple will reside in their new home, 721, east side square.

Forty Entertained.
At McCullough Home

Mr. and Mrs. A. C. McCullough and Mrs. Allen McCullough entertained a company of some forty relatives and friends Thursday evening at the residence of Mr. and Mrs. A. C. McCullough west of Lynnville.

A sumptuous dinner was served to the guests at 6 o'clock. The tables were made most attractive with flower decorations. The dinner over, the guests enjoyed several hours of sociality.

The guests included Mr. and Mrs. Luthern Hornbeck and family; Mr. and Mrs. Burl Hornbeck and family; Mr. and Mrs. R. P. Allen; Mr. and Mrs. Clifford Allen and son; R. H. Allen, Mr. and Mrs. H. B. Orleans Woman's Country Club Held Open Meeting.

The Annual open meeting of the Orleans Women's Country Club was held Thursday evening at the home of Mr. and Mrs. A. A. Curry at Pisgah, at which time the 25th anniversary of the club was observed.

There was a large attendance of members and many guests. The company assembled at 6:30 o'clock and at 7 a splendid banquet was served. The tables were placed in the dining room and large hall. The tables were decorated with carnations, the club flower.

Following the banquet an excellent program was given. Mrs. Frank Drury called the company to order and delivered a splendid address. Mrs. William Cleary secretary followed with a resume of the years work.

Hon. Wood then gave two vocal numbers. Mrs. Wood played his accompaniments. Reminiscences of the early days of the club were given by Mrs. William Lukun, one of the charter members. The club history was given by Mrs. George Graff.

Mrs. James Dobyns the corresponding secretary then read letters from the Mrs. Fred Stevenson, Mrs. John Oenal and Mrs. Laura Luken Hollerberry. Mrs. J. G. Strawn of Jacksonville a charter member also spoke briefly.

Mrs. Fred Moeller followed with a piano number. The members responded to roll call with various responses. Following the program the ladies were presented with dainty souvenir cards and the gentlemen with pink carnations.

Much credit is due the committee in charge of serving the various topics. Following the mitees in charge for the success of the meeting. The committee in charge of serving the banquet was composed of Mrs. Will D. Scott, chairman, Mrs. Charles Drury, Mrs. Clyde Cox and Mrs. Albert Curry.

The program committee was Mrs. J. P. Holmes, Mrs. James Dobyns and Mrs. Fred Moeller. The next meeting will be held with Mrs. Frank Drury, Tuesday November, 23.

Unity Workers of Woodson Church Met.

The Unity Workers of Woodson Presbyterian church met Thursday afternoon with Mrs. William Colton and Mrs. J. C. Colton. There were about twenty members and guests present and all found the afternoon exceedingly profitable. After the devotional exercises came a business session and at this time the members planned the making of rugs for a Christmas sale. Following this came a brief program as outlined below:

Mrs. John Robertson Entertains for Guest

Mrs. John R. Robertson entertained a limited company Friday afternoon at her home, 1033 West Lafayette avenue, in honor of her guest, Mrs. Julia C. Pierson, of Cambridge, Mass. The guest list included the intimate friends of Mrs. Pierson, who prior to her removal to the east several years since, was a resident of this city. The hours from 3 to 5 o'clock were spent in a most enjoyable manner and during the afternoon refreshments were served by the hostess.

STUNT DAY FOR THE ROTARY CLUB

Two Menus Served at This Luncheon — Marked End of Attendance Contest.

Rotarians had a very lively time at the Friday luncheon. Six weeks ago an attendance contest was started, with the provision that losing teams should pay for the luncheon for all the club. H. L. Caldwell and M. C. Hook were the captains of the two losing teams and from these groups John S. Hackett and James Guyette were appointed members of the luncheon and entertainment committee. They did their job well, as all the Rotarians present yesterday could testify.

In the first place what might be called a phony menu was served. The soup was a very thin concoction and cold at that. Then came a course which included cold mashed potatoes and a very small portion of poorly cooked fish. The Rotarians stood for the cold soup without much complaint but with the coming of the next course they were not sparing in their comment about the lavish expenditures being made by the losing teams. But when turkey with dressing, vegetables, salad, etc., began to appear they realized that the soup and fish features were just part of the day's program and made due apologies to the entertainment committee and the losing teams.

H. A. Perrin was called upon to introduce a serious note to the hilarities of the day and proceeded to give a five minute address in humorous vein. James Guyette, W. W. Gilliam, A. C. Metcalf and W. E. Collins, with Willard Wesner as accompanist, sang several songs and these with the mass singing by the club, as a whole made up a very interesting program. A vocal duet by Messrs. Caldwell and Hook should be mentioned.

Harry M. Capps as president was made the temporary presiding officer for the special program, while Rev. M. L. Pontius, the president, presided for the rest of the session. There was, however, one small matter of real business when Mayor E. E. Crabtree on behalf of the American Legion, told what McLean county has done in voting for the erection of a great auditorium as a memorial to the ex-soldiers of the world war.

A new state law makes it possible to levy a county tax for the erection of such a building. A number of counties have already taken this action. Mr. Crabtree, after explaining the matter, made a motion that a committee be appointed to select a general committee for consideration of this project. The president named as members of this committee V. R. Riley, H. M. Andre and W. L. Fay.

FUNERAL NOTICE
The funeral of Carrie Finley will be held from Second Christian church this afternoon at 2:30 o'clock in charge of the Rev. Mr. Frost. Burial will be in Jacksonville cemetery.
